Looking For a Great Piece of Furniture?

Our Mission

Kaon Furniture Strives to meet customers furnishing needs, and exceed their expectations. We aim to offer a variety of product configurations and finishes to satisfy each individual consumers taste. Our products are designed to be durable and able to stand the test of time. Kaon Furniture, quality is what we make.

Who We Are >>>

Kaon Furniture is an independently owned and Canadian, hand crafted, Furniture manufacturer. We build high quality, hand crafted furniture. The firm was established in the Toronto area 1984 and has been going strong ever since. Since then, we have relocated to the Collingwood area to the town of Stayner, in the shadow of the Niagara escarpment, by the shores of Georgian Bay.

What We Do>>>

Initially we focused on futon frames and related items, highlighting our commitment to satisfying customer needs. Over the years we have broadened our focus from living rooms to include high quality bedroom furnishings for everyone in the family – from bunks for the kids to sleigh beds for the parents. We make the best

best bunk beds in Canada, at the best prices! All of our products are built from high quality Northern Red Pine. Our lumber is cut from managed woodlots up in Northern Ontario. These lots are managed to ensure sustainability, as well as preserve our great Canadian Eco-system. An added bonus of this is that we support our local economy from our own province, and country. No imported mystery jungle wood, harvested by clear-cutting techniques here!

“High quality, hand crafted, made in Canada, and built to last a lifetime!”

Find the furniture that's right for you >>>

and sizes. We make beds from single up to king. Our dressers are available from two drawers up to eight drawers, with both regular and deep drawers. Our rugged bunk beds are available all the way from single over single, to queen over queen, and everything in between.
